REGISTRANT INFORMATION		
Domain Name (e.g. domain.com , 26 Characters Max.):		
<input type="checkbox"/> New Registration	<input type="checkbox"/> Modification	<input type="checkbox"/> Organization Transfer

To modify a domain name so that Metanet becomes the host, a separate letter of authorization must be faxed to (718) 454-1917. It must consist of the following: company letterhead, a statement reading, "We authorize Network Solutions to process the following tracking number:" a signature and printed name followed by their title. This individual must be indicated as the: President, Vice President, CEO, and Chairman of the Board, General Manager or Founder. Proof of business and notary public helps.

An Organization Transfer means the domain name is being taken from the organization that registered it (not the Internet or web hosting provider) to another organization. For Organization Transfers, please visit <http://www.networksolutions.com/> for how to make changes.
